

Year 5 Newsletter September 2025

Welcome back to school! We hope that you are looking forward to learning lots of new things!

What will we be learning this half term?

All of our lessons will be covering objectives from the Year 5 National Curriculum. We have lots of exciting writing units planned and we will be focusing on place value, number and calculation skills in Maths. This half term, we will be learning about 'Forces' in Science lessons, coding in Computing lessons and our Geography topic is titled 'Rivers'. Over the course of the year, other subjects and topics will be studied and these will change each term.
