Welcome back Year 4!

Summer Term News

Welcome back children and parents. I hope you had a fantastic Easter break and are looking forward to beginning our new summer term.

This term, we are beginning some exciting new areas of learning. Our Geography topic will involve children learning about Natural Disasters. In Computing, children will be developing their skills to make and present their own PowerPoint presentation. In Science, children will be exploring and finding out all about sound. There will be a separate homework activity based around this; more details to follow soon. After half-term, children will be building their own green house in DT and learning about reggae music in our Music lessons.

During the Summer term, all Year 4 children will be completing the Multiplication Tables Check (MTC). This is a times table test where children will have a fixed amount of time to answer each question. While we certainly do not want to cause any undue worries about this for the children, it would be useful for them to continue to practise their times table facts at home.

Thank you for your co-operation with this.

Additionally, we will be hosting a Parent Share morning to celebrate Year 4's learning around natural disasters. This will be held on Tuesday 19th May 2026, between 9.00am - 10.00am. We look forward to seeing you there.

PE

Year 4 have PE lessons on Thursday and Friday. Weather permitting, these lessons will be held outside. Please ensure that your child has suitable PE kit in school on these days. If you are unsure what your child should be bringing, please refer to the uniform section of the website.

If your child requires an inhaler, it is essential that it is in school every day and not just on PE days.

Homework and Reading books

Homework will continue to consist of MyMaths activities, Times Table Rockstars, spellings and reading. MyMaths activities should be completed online. Weekly spellings are available on teams and spelling tests are held each Friday. Please can you make sure that Home Reading Books are in school every day.

Kindest regards,

Mrs Godfrey, Ms. James, Mrs Barshan and Mrs Suthers.
