Roof update

Dear Parents and Guardians,

I am extremely pleased to inform you that the building work has remained on track and that Phase 1 has now been completed. This now means that the children in Years 5 and Year 6 will return to their original classrooms that are located at the top of the Key Stage 2 building when the children return to school after the half-term break on Tuesday 3rd November.

Phase 2 involves further work within the Year 3 and Year 4 section of the building, office areas and corridors. To reduce the impact on teaching and learning particularly with noise from the building works, the Year 3 and Year 4 children will now move to the spare classrooms within the school. By doing this, the children will be working well away from the roofing work that would have been taking place directly above their original classrooms.

The aim is to then have the Year 3 and Year 4 children back within the Key Stage 2 building during the Spring Term 2027.

To support everyone with the entrance and exit/collection points for the children, please see below the information for each class. Please note Senior Leaders will be outside each day to support, should you need any assistance.
