

6P and 6H Spring Newsletter

Welcome back! We hope that you have all had a Christmas break and that the children are ready to learn.

Curriculum

During the first half of the Spring Term, the children will be cooking in DT, singing national anthems in Music and will be coding in Computing. After the half term break, children will be learning about the Battle of Britain in History and will produce a wired structure. The children will continue to learn Grammar during curriculum time in preparation for SATs and Maths groups are continuing as normal.

Spelling

Spelling continues to be important and lessons teach the children about spelling patterns and rules. Children are improving in their tests and they now need to focus on applying these rules in their written work. When practising, please encourage your children to learn them in sentences and to understand the meaning.

Parents Meeting

Thursday 16th January
2.30-3.00

This is a chance to find out more about the upcoming SATs. We will be giving information and ways in which you can help your child at home.

Homework

The homework the children will be given will increase in preparation for SATs. This will consist of reading, maths, spellings and grammar. The homework will help the children in their next stages of learning and it is therefore important that it is completed on time.

Reading

Even if your child can read independently, it is important that they read with you so you can encourage the correct pronunciation, clarify unknown words and ask questions to make them think.

PE

This half term, Year 6 will have PE on a Monday. Please provide your child with the correct PE kit and make sure it has your child's name in.

Don't forget...

MUST HAVE

to have your breakfast
to bring your water bottle
a healthy snack for break
to have labelled clothing
your glasses if needed
your inhaler if needed
your book bags each and every day
